Flexiteek is the original market-leading manufacturer of synthetic teak decking. Founded in 2000, many of the original Flexiteek decks are still going strong and looking great to this day.

Our Flexiteek 2G decking is available in over 30 colour combinations, it's easy to maintain and 30% cooler than a typical teak deck. It's also trusted by over 200 of the world's leading boat builders. You can find Flexiteek near you through our extensive global distributor network who are fully trained and ready to help you find your perfect Flexiteek deck.

## COLOUR COMBINATIONS

Over 30 colour combinations to choose from.

Whether you fancy a classic teak look, or something more modern, we have 11 colours to choose from. Combined with Black, Grey or White caulking, this gives you an enviable range of combinations with which to customise your deck.

The original and classic deck colour. Teak remains the most popular colour and is still our biggest seller.

Sample pack: [flexiteek.com/request-a-sample-pack/](https://www.flexiteek.com/request-a-sample-pack/)

**Please note:** Flexiteek is designed to replicate the graining found on natural timber; therefore, this effect will differ between planks. This non-uniformity is intentional and an inherent feature of the product.

Designed to mimic freshly scrubbed teak, Scrubbed has a lovely warm honey colour with a deep variation.

## FADED

Prefer your teak as it starts to weather?  
Then a Faded deck will be the answer. A perfect mix  
between Bleached and Weathered.
